|  <p>Model number: YMC-P-0005<br/>Material : PEEK<br/>Quantity : 1</p> <p>Connecting thermostat Thermo Stage of KeyChem series. Used in conjunction with ferrule (YMC-P-0012). Connecting with 1/16 in. ext. diam. tube.</p>   |  <p>Model number: YMC-P-LU06<br/>Material : SUS304<br/>Quantity : 1</p> <p>Connecting reactor housing of Lumino. Used in conjunction with ferrule (YMC-P-0012). Connecting with 1/16 in. ext. diam. tube.</p>   |  <p>Model number: YMC-P-0006<br/>Material : ETFE<br/>Quantity : 10</p> <p>Used in conjunction with ferrule (YMC-P-0012).<br/>Connecting 1/16 in. ext. diam. tube to syringe adaptor (female type) (YMC-P-0007), lure adaptor (male type) (YMC-P-0008)</p> |          |              |        |            |            |            |        |            |       |     |            |            |        |            |  |           |              |        |            |            |            |
|  <p>Model number: YMC-P-0057<br/>Material : SUS<br/>Quantity : 1</p> <p>Connecting 1/16 in. ext. diam. SUS tube to housing.</p>   |  <p>Model number: YMC-P-0007<br/>Material : ETFE<br/>Quantity : 1</p> <p>Adaptor connecting syringe (lure lock type) to tube. Used in connection with 1/16 in. plastic connector (YMC-P-0006).</p>  |  <p>Model number: YMC-P-0008<br/>Material : ETFE<br/>Quantity : 1</p> <p>Adaptor connecting syringe needle. Used in reaction including water-reactive substance and in connection with 1/16 in. plastic connector (YMC-P-0006).</p>                       |          |              |        |            |            |            |        |            |       |     |            |            |        |            |  |           |              |        |            |            |            |
|  <p>Model number: YMC-P-0009<br/>Material : PEEK<br/>Quantity : 10</p> <p>Combined fitting and ferrule connector. Connected by 1/16 in. ext. diam. tube.</p>   |  <p>Model number: YMC-P-0070<br/>Material : ETFE<br/>Quantity : 10</p> <p>Connecting 1/8 in. tube and plunger pump.</p>  |  <p>Model number: YMC-P-0010<br/>Material : PTFE<br/>Quantity : 10</p> <p>Used in conjunction with 1/16 in. connector (SUS, YMC-P-0001). Mainly used in PTFE tube.</p>   |          |              |        |            |            |            |        |            |       |     |            |            |        |            |  |           |              |        |            |            |            |
|  <p>Model number: YMC-P-0011<br/>Material : SUS316<br/>Quantity : 10</p> <p>Used in conjunction with 1/16 in. connector (SUS, YMC-P-0001). Mainly used in SUS tube.</p>   |  <p>Model number: YMC-P-0012<br/>Material : PTFE, SUS316<br/>Quantity : 10</p> <p>Ferrule connecting connector 1/16 in. PTFE, M6HN (YMC-P-0002) and 1/16 in. ext. diam. tube.</p>   |  <p>Model number: YMC-P-0068<br/>Material : PTFE, SUS316<br/>Quantity : 10</p> <p>Ferrule connecting connector 1/8 in. PTFE, M6HN (YMC-P-0067) and 1/8 in. ext. diam. tube.</p>   |          |              |        |            |            |            |        |            |       |     |            |            |        |            |  |           |              |        |            |            |            |
|  <p>Model number: YMC-P-0060<br/>Material : PEEK, SUS316<br/>Quantity : 10</p> <p>Ferrule connecting connector 1/16 in. and 1/16 in. ext. diam. tube. Applicable to SUS tube as well.</p>   |  <p>Model number: YMC-P-0069<br/>Material : ETFE<br/>Quantity : 10</p> <p>Used in conjunction with connector 1/8 in. (ETFE and FSF, YMC-P-0070).</p>  |  <p>Model number : YMC-P-0030-01<br/>Material : aluminum</p> <p>Model number : YMC-P-0030-02<br/>Material : aluminum</p>  |          |              |        |            |            |            |        |            |       |     |            |            |        |            |  |           |              |        |            |            |            |
|  <p>Model number: YMC-P-1014<br/>Material : 25 mL<br/>Quantity : 1</p> <p>YMC original highly pressure-resistive syringe. Easy to install on MR2 pump.</p>  |  <p>Disposable syringe</p> <table border="1"> <thead> <tr> <th>Capacity</th> <th>Quantity</th> <th>Model number</th> </tr> </thead> <tbody> <tr> <td>2 mL</td> <td>100</td> <td>YMC-P-1001</td> </tr> <tr> <td>5 mL</td> <td>100</td> <td>YMC-P-1002</td> </tr> <tr> <td>10 mL</td> <td>100</td> <td>YMC-P-1003</td> </tr> <tr> <td>20 mL</td> <td>100</td> <td>YMC-P-1004</td> </tr> <tr> <td>30 mL</td> <td>50</td> <td>YMC-P-1021</td> </tr> <tr> <td>50 mL</td> <td>30</td> <td>YMC-P-1022</td> </tr> </tbody> </table> | Capacity   | Quantity | Model number | 2 mL   | 100        | YMC-P-1001 | 5 mL       | 100    | YMC-P-1002 | 10 mL | 100 | YMC-P-1003 | 20 mL      | 100    | YMC-P-1004 | 30 mL  | 50        | YMC-P-1021   | 50 mL  | 30         | YMC-P-1022 |            |
